Fig. 4. MDS plot and MDS map: both show clear east-west division of the sites

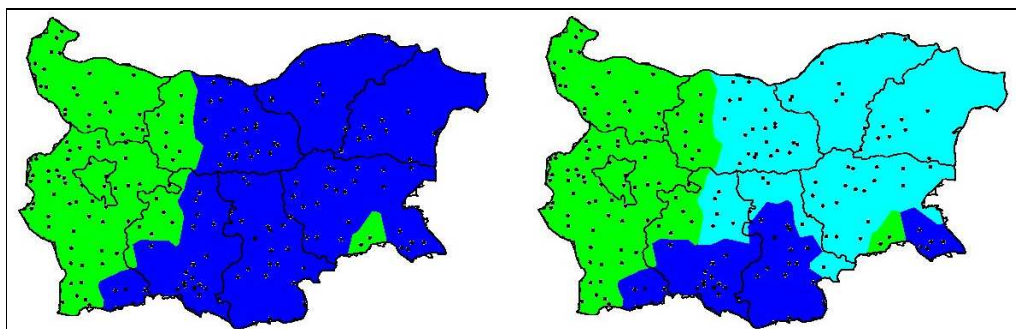

Fig. 6. The 2- and 3-way split produced by WPGMA

Fig. 7. The 6-way classification produced by WPGMA

Fig. 8. An MDS plot of 6 clusters produced by WPGMA. Note that the good separation of the clusters is often spoiled by unclear margins

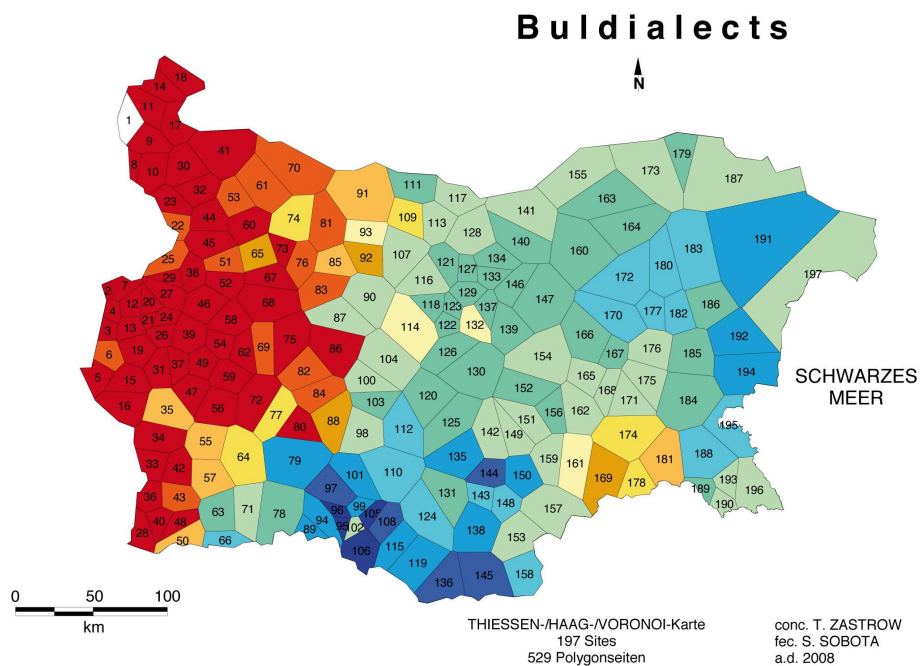

Fig. 9. The Information of the sites, in relation to the information of the whole data set
